# NATIONAL INSTITUTE OF TECHNOLOGY NAGALAND

Chatbot Knowledge Base • Official Website–Derived Reference

Prepared from: official NIT Nagaland website pages, official PDFs and the official sitemap.

Knowledge snapshot: 03 October 2026 (India).

Primary domain: https://www.nitnagaland.ac.in/

Purpose: This document is structured for ingestion into a college information chatbot. It emphasizes factual retrieval, source traceability, and separation of current information from historical notices.

**IMPORTANT FOR THE CHATBOT: Admission notices, fees, office bearers, vacancies, academic calendars, deadlines, seat counts and event notices can change. When answering such questions, prefer the latest dated official notice and state its date. Do not turn an old notice into a permanent rule.**

# 1. Institute Identity and History

- Official name: National Institute of Technology Nagaland (NIT Nagaland).
- NIT Nagaland is an Institute of National Importance under the Ministry of Education, Government of India.
- The institute was one of the ten newly approved NITs in 2009 under the Eleventh Five-Year Plan.
- The institute started functioning from the academic year 2010 under the mentorship of NIT Silchar for its initial two years.
- The first academic session at the permanent campus at Chumukedima, Dimapur began in September 2012.
- The permanent campus is at Chumukedima, Dimapur, Nagaland – 797103.
- The official website describes the campus as being in a hilly setting in Chumukedima.
- The foundation stone of the institute was laid on 13 October 2012, according to the 2020–21 annual report.

## Official Vision

To advance knowledge through quality education and research, cultivate invention improving the human condition, and educate students for professional achievement, service to society and individual fulfilment, while moving towards a more sustainable path.

## Official Mission — summarized for chatbot retrieval

- Develop students into professionals with high ethical standards who can solve societal problems.
- Achieve academic excellence through dedication, teamwork, research, innovation in learning and human values.
- Use state-of-the-art technology resources to meet industry and societal expectations.
- Provide an intellectually stimulating environment for human potential and leadership development.
- Develop scientists and technologists capable of leadership in research, design, development and technology management.

# 2. Campus and Contact

- Postal location: National Institute of Technology Nagaland, Chumukedima, Dimapur, Nagaland – 797103, India.
- Director: Prof. (Dr.) A. Elayaperumal. Official office phone: +91 3862 241801. Official email: director@nitnagaland.ac.in.
- Registrar: Dr. Manoj E. Prabhakar. Official phone: 03862-241821. Official email: registrar@nitnagaland.ac.in.
- Training & Placement Cell: tnpcell@nitnagaland.ac.in; phone 03862-282748.
- The official RTI page lists academic and departmental contacts and should be preferred for current office routing.

## Website ecosystem

- Official website: nitnagaland.ac.in
- NIT Nagaland Samarth ERP is linked from the official site.
- Official site links to JOSAA, CSAB, CCMT, CCMN, NPTEL and NKN for relevant external processes/resources.
- The site also provides webmail and Ekarikthin links.

# 3. Academic Programmes

- UG: B.Tech programmes.
- Current programme list on the official Courses page: Civil Engineering; Computer Science and Engineering; Electrical and Electronics Engineering; Electronics and Communication Engineering; Electronics and Instrumentation Engineering; Mechanical Engineering.
- PG: M.Tech in Computer Science and Engineering, Power Systems Engineering, Communication Engineering and VLSI Systems.
- PG: M.Sc. in Physics and M.Sc. in Chemistry.
- Doctoral: Ph.D. programmes. The official site separately publishes Ph.D. advertisements, guidelines, applications and regulations.

## B.Tech admission route

- The 2026 B.Tech admission page directs candidates to JoSAA/CSAB processes and provides physical reporting information.
- For 2026, the official site identifies B.Tech as an eight-semester programme.
- Admission-related questions should use the latest NIT Nagaland notice plus the relevant JoSAA/CSAB rules.

## M.Tech / M.Sc. admissions

- The official PG admission page publishes institutional admission notifications and the current academic-year spot-round notices.
- The CCMT/CCMN page lists M.Tech and M.Sc. programmes and directs candidates to CCMT/CCMN for centralized admissions.

## Ph.D. admissions

- The official Ph.D. page contains current and historical advertisements, shortlisted candidates, detailed guidelines and application forms.
- For July–December 2026, the official page lists an advertisement dated 16 April 2026 and a shortlisted-candidates notice dated 15 May 2026.
- The 2025 Ph.D. Regulations document covers full-time, part-time internal/external and integrated Ph.D. categories, eligibility and selection procedures.

# 4. Current PG Seat Information Published on CCMT/CCMN Page

| Programme | Department | Seats |
|---|---|---|
| M.Tech CSE | Computer Science & Engineering | 15 |
| M.Tech Power Systems Engineering | Electrical & Electronics Engineering | 15 |
| M.Tech VLSI Systems | Electronics & Communication Engineering | 15 |
| M.Tech Communication Engineering | Electronics & Communication Engineering | 15 |
| M.Sc Physics | Science & Humanities | 10 |
| M.Sc Chemistry | Science & Humanities | 10 |

**These seat counts are reproduced from the official CCMT/CCMN page and should not be treated as permanent; verify the latest admission cycle.**

# 5. Departments

## Civil Engineering

Civil engineering education, laboratories, research and departmental activities. The official sitemap provides dedicated pages for academics, faculty, facilities, research and contact information.

## Computer Science and Engineering

The department provides B.Tech, M.Tech and Ph.D. academic routes. The official department page emphasizes teaching, applied computing research and interdisciplinary work. A current page reports research scholars, sponsored projects, publications and a patent as department statistics; these figures should be treated as page-dated statistics.

## Electrical and Electronics Engineering

Core areas include electrical machines, power systems and power electronics. The department page lists research interests including smart electric grids, distributed generation, soft computational techniques, industrial drives and networked control systems.

## Electronics and Communication Engineering

Offers B.Tech, M.Tech, Ph.D. and department research activities. The official site lists research areas and sponsored research projects, including projects involving deep learning, speech recognition, material characterization and gas sensing.

## Electronics and Instrumentation Engineering

Established in academic year 2016–17 with a sanctioned undergraduate intake of 30 according to the department page. The department describes interdisciplinary electronics/instrumentation education and industry-oriented hardware/software applications.

## Mechanical Engineering

Provides B.Tech Mechanical Engineering and departmental academic, people, facilities, research and contact information through the official website.

## Science and Humanities

A multidisciplinary department covering foundational subjects including Physics, Chemistry, Mathematics, English and Environmental Science, along with research in science and social-science areas.

## Science & Humanities details

- The department states that its core teaching includes Physics, Chemistry, Mathematics, English and Environmental Science.
- The department has research activity in science and social-science disciplines.
- The site describes an integrated Master programme in Materials Science in its departmental information.
- The department page says Ph.D. programmes in Science and Social Science subjects are active.

# 6. Administration and Governance

- Director: Prof. (Dr.) A. Elayaperumal.
- Registrar: Dr. Manoj E. Prabhakar.
- Dean (Academic): Dr. A. Wati Walling, according to the current administration page.
- Associate Dean roles listed by the site include Academic/OSD, Alumni Affairs & Industrial Consultancy, Research & Consultancy, Faculty Welfare, Sponsored Research/IPR/Entrepreneurship/Incubation, Student

Affairs, Planning & Development, and sponsored projects.

- The Board of Governors page lists the Chairperson, Director, Ministry representatives, external academic/industry members and the Registrar as Member Secretary.
- The Academic Senate page lists the Director, external academic experts and NIT Nagaland deans/HODs and other members.

# 7. Research, Consultancy, Innovation and Entrepreneurship

- NIT Nagaland states that research is department-centric as well as interdisciplinary.
- Sponsored research is supported by government and research organizations and can contribute to infrastructure and manpower during project periods.
- The official site has dedicated research-facility, recognized-supervisor and Ph.D. form/regulation pages.
- The Associate Dean structure includes responsibility for Sponsored Research, IPR, Entrepreneurship and Incubation Cell.
- The site publishes department-level sponsored projects. Example: ECE lists projects supported by SERB-DST, MeitY and DST, including an Advanced Material Characterization and Gas Sensing facility project.
- CSE publishes sponsored projects, including a drone-based pineapple cultivation/harvesting monitoring project.
- NIT Nagaland has hosted and advertised research positions such as JRF, RA and Project Associate roles.

## TEXMiN / Mining Cyber-Physical Systems connection

- An official 2025 recruitment advertisement identifies a TEXMiN-NIT Nagaland Mining CPS Centre of Excellence (CoE) at NIT Nagaland, sponsored by TEXMiN Foundation, IIT (ISM) Dhanbad.
- The advertised CoE role focused on digital, sustainable and smart mining, R&D/technology-development projects, fellowships, hackathons/workshops/ideathons, IP generation, product development and technology transfer.
- For chatbot answers about the TEXMiN CoE, use the dated official 2025 advertisement as historical evidence and look for newer official updates before claiming current status.

# 8. Library

- The Central Library supports teaching, learning, research and creative activities.
- The official library page reports more than 9,500 books and 1,400+ e-books, along with periodicals, magazines, newspapers and NPTEL/CD resources.
- Library operations are computerized using Integrated Library Management Software, OPAC and RFID.
- Membership includes UG/PG students, research scholars, faculty, administrative office and staff.
- Loan limits listed by the library: Faculty 5 books/3 months; Research Scholars 5/1 month; M.Tech 4/15 days; B.Tech 4/15 days; administrative/non-teaching staff 3/15 days.
- Overdue charge listed: Rs. 1 per day per book.
- Library opening hours listed: Monday–Friday 8:30 a.m.–7:30 p.m.; Saturday 9:00 a.m.–12:00 noon.
- Photocopy/printing/scanning is described as a limited service at Rs. 0.30 for eligible library material/members.

# 9. Hostels and Dining

- The official hostel page describes six hostel units: Saramati A/B/C, Japfu, Tiyi, Patkai A/B/C, Dzukou (ladies hostel) and Zanibu (PG men’s hostel).
- The page describes four 64-seated boys' hostels, one 56-seated girls' hostel and a 32-seated PG boys' hostel, while also noting rooms across six hostel groups and some construction.
- Hostel allocation descriptions on the page associate Saramati with 4th-year students; Japfu and Tiyi with 2nd/3rd-year students; Patkai with 1st-year students; Dzukou with UG/PG women; and Zanibu with PG men.
- The institute provides vegetarian and non-vegetarian mess facilities for students and some faculty/staff.

# 10. Information Technology / Data Centre

- The Data Centre supports campus networking, data/voice/video communication, network security, servers/storage and campus IT infrastructure.
- The official Data Centre page describes wired and wireless connectivity between academic, administrative and residential areas.
- The site describes services including web, mail, license, DHCP, media streaming, DNS, software repository, FTP, intranet, NPTEL video, e-book/journal portal, antivirus, backup, meeting, ticketing, RADIUS, cloud file sharing, network monitoring and library/lab servers.
- The 2020–21 annual report recorded NKN connectivity at 1 Gbps and institutional email IDs for students and research scholars. Because this is historical, current bandwidth should be verified from the current Data Centre/IT notice before answering.
- The website is developed by the Web Team and maintained by the Data Centre.

# 11. Sports

- The Sports/Physical Education section provides indoor and outdoor sports facilities and supports student and staff participation.
- Activities include sports practice, equipment, maintenance of grounds/courts, annual sports meets, participation in inter-NIT and other tournaments, and coordination with IITs/NITs/IIITs and other institutions.
- The official page also references student-welfare initiatives such as FIT INDIA and Khelo India.

# 12. Student Affairs

- The Student Affairs section covers cultural activities, scholarships, bonafide certificates, loan applications, medical insurance, sports, NSS, NCC and Student Council activities.
- The official site provides dedicated Student Affairs pages and forms/links for these functions.
- The Student Affairs pages should be treated as the preferred source for student welfare procedures.
- NIT Nagaland states that student medical insurance covers hospitalization, outpatient services and emergency care; exact coverage limits/policy terms should be checked in the current insurance document.

# 13. SC/ST Cell

- The SC/ST Cell handles grievance redressal for SC/ST students and employees and assists with academic/administrative issues.
- It monitors and evaluates implementation of reservation policies and related Government of India programmes.
- It can suggest follow-up measures to the administration for SC/ST empowerment.
- The official page lists Dr. Nzanthung Ngullie as Liaison Officer.

# 14. Training and Placement

- The Training & Placement Cell develops relationships with industry and supports technical, non-technical, personality and skill development.
- The cell coordinates training, internships/summer training and campus recruitment activities.
- The official page contains historical placement statements, including a 70% placement figure for the first batch. This figure is historical and must not be presented as the current placement rate.
- Current placement contacts: Training & Placement Cell, tnpcell@nitnagaland.ac.in, 03862-282748.
- The current page lists Professor In-charge Dr. R. Kumar and Training & Placement Officers Dr. Biswajit Barman and Dr. Shambhu Kumar Mahato.

# 15. Academic Rules and Regulations

- The official Rules and Regulations page provides B.Tech, M.Tech, M.Sc. Physics, M.Sc. Data Analytics, B.S.M.S., Ph.D. and other historical regulations/amendments.
- A 2016 B.Tech regulations document defines programme, branch, course, class advisor, course coordinator, HOD, Dean (Academic) and Institute.
- The 2012 B.Tech regulations describe a credit-based system and a 180-credit total for the programmes covered by that regulation.
- Because regulations have been amended over time, the chatbot should always identify the regulation year when answering detailed academic-rule questions.
- The 2025 Ph.D. Regulations are the appropriate source for current Ph.D.-specific regulations when applicable.

# 16. Admissions — Chatbot Answering Rules

- For B.Tech admissions, use the latest official NIT Nagaland B.Tech notice plus JoSAA/CSAB rules.
- For M.Tech/M.Sc admissions, use the current institutional admission notice and/or CCMT/CCMN information for that cycle.
- For Ph.D admissions, use the current session advertisement, current guidelines and current Ph.D. regulations.
- Never answer a current fee, deadline, seat matrix, reporting date or eligibility question using an old admission cycle unless the user explicitly asks about that old cycle.
- If a current notice is not found, say that the official site should be checked for the latest notification rather than inventing a value.

# 17. Fees and Financial Information

- The official website publishes semester-specific fee structure documents.
- A July–December 2024 Ph.D. fee document lists semester fee components including tuition, computer, internet, library, examination, registration/enrolment, medical and insurance charges.
- That 2024 document states tuition fee exemption for SC/ST candidates and internal NIT Nagaland candidates in the specified Ph.D. context.
- Do not use the 2024 fee values as current 2026 fees. The chatbot should retrieve the latest fee notice for any current fee question.

# 18. Annual Reports and Official Records

- The official Annual Reports page provides annual report and audit report links from 2011–12 through 2023–24.
- Annual reports are useful for historical statistics, infrastructure development, programmes, research, student activities, finances and institutional milestones.
- Annual reports should be treated as year-specific records. Do not merge historical statistics into current institutional facts.

# 19. Recruitment and Notices

- The official website publishes faculty recruitment, project staff recruitment, JRF/RA/Project Associate advertisements and related shortlists/updates.
- Recruitment notices are time-sensitive and should always be answered with the advertisement date, closing date and current status if available.
- The homepage in the 2026 snapshot contains current admission, reporting and recruitment notices.

# 20. RTI and Official Routing

- The official RTI page identifies the Public Information Officer and provides contact routes for academic, departmental and student-affairs queries.
- For department matters, the RTI page lists HOD contacts. These contacts can change, so the current official page should be checked before using them.
- For academic matters, the page lists the Dean (Academic) and Associate Deans (Academic).

# 22. Source and Reliability Policy for the Chatbot

Tier 1 — Current official page/notice: Use for current facts, deadlines, office holders, admissions, notices, contact details and current procedures.

Tier 2 — Official current regulations: Use for academic rules, Ph.D. regulations and institutional procedures; quote/identify the regulation year.

Tier 3 — Official annual reports and dated PDFs: Use for historical statistics, institutional history, past infrastructure and past activities. Always state the year/date.

Tier 4 — External links listed by NIT Nagaland: Use only for processes controlled by those external organizations (e.g., JoSAA, CSAB, CCMT, CCMN).

**Never invent: fees, cutoff ranks, placement percentages, hostel availability, faculty status, deadlines, seat counts, current office holders or current policies.**

Conflict rule: If two official pages disagree, prefer the newer dated official notice or regulation and mention the discrepancy if it affects the answer.

Temporal rule: Every time-sensitive answer should include the relevant academic year/session or notice date.

Source traceability: When possible, the chatbot should provide the official page title and URL used for the answer.

# 23. Coverage Map Based on Official Sitemap

| Area | Included in knowledge base | Official site coverage |
|---|---|---|
| Administration | Yes | Director, Registrar, Deans, BOG, Senate, committees, staff, forms |
| Academics | Yes | Programmes, admissions, regulations, scholarships, placement, forms, convocation |
| Departments | Yes | All seven department areas identified; selected current department details included |
| Research | Yes | Facilities, supervisors, forms, sponsored projects, Ph.D. regulations |
| Student Affairs | Yes | Welfare, scholarships, certificates, loans, insurance, sports, NSS, NCC, council |
| Facilities | Yes | Library, Data Centre, hostels, SC/ST cell, sports; other facility pages mapped |
| Historical records | Yes | Annual reports and dated PDFs used with year labels |
| Current notices | Yes | 2026 admission/recruitment/reporting notices captured at snapshot time |

**Note: The official sitemap exposes additional subpages such as individual faculty/staff profiles, departmental laboratories, forms, events, MoUs and historical records. This PDF is designed as a consolidated chatbot base, while the official URLs above remain the authoritative source for page-level detail.**
